 stem@computerislandllc.com

Greetings,

Are you passionate about inspiring the next generation of innovators? If so, we have an awesome sponsorship opportunity for you!

Here at the **CITS STEM ACADEMY**, we believe all curious minds deserve access to high-quality STEM education. However, the cost often creates a barrier for underprivileged families.

To dismantle this cost barrier, we aim to provide tuition-free attendance for all campers and since 2019, we have done just that through the generosity of our partners and sponsors.

Our Camp's Mission & Vision

- Mission: To ensure all students, especially those who are underserved, have equal opportunities to learn and excel in STEM subjects.
- Vision: A future where STEM is equitable for all.

The Value Of Sponsors In Accomplishing Our Mission

Donations of any amount are used to cover:

Facility Costs - Administrative Costs - STEM Equipment - Activity Supplies - Educator Wages - Promotional Materials - Meals

The Benefits Of STEM Education

STEM education is essential for the development of skills necessary for productive 21st Century Living. Some of the skillsets gained through STEM education are Innovative Thinking, Collaboration, Creativity, Problem Solving, Critical thinking, and Effective Communication.

Enhancements For Our 2024 Camp Sessions

- **Centralized Location:** Making our camp accessible to both Upper & Lower Queen Anne's County!
- **Extended Days & Hours:** More time for epic innovations and creative explorations!
- **Breakfast in Addition to Lunch And Snacks:** Fueling curious minds for a day of discovery!
- **A Is For Arts!** We're adding exciting visual and musical arts activities to unleash sparks of creativity.
- **Senior Session:** Tailored activities for 55+ campers to hone their STEAM skills.
- **Tweens & Teens Session:** Geared towards the unique interests of 12-17 year olds.

Thank you for taking time to learn about our program and we hope you'll join us as a sponsor!

Best regards,

John & Lolita Watkins
